## Village Board Will License Pinball Games

### Ordinance Puts Machines Under Legal Control, Mayor Explains

"From here on, we collect—let criticisms fall where they may!" is the spirit of the Antioch village board, which voted at a meeting Friday evening to license pinball games and machines in the village.

The ordinance passed by the board, it is pointed out by Village President George B. Bartlett, does not license the use of such games and machines for gambling or "pay-off" purposes, but solely for amusement or skill.

**Placed Under Control**

It further provides that "no minor shall be allowed to play upon such games." The license, for which a fee of \$50 will be required, may be revoked upon violation of any provision of the ordinance, and fines of not less than \$5 nor more than \$200 may be imposed for each day that such violation may have been carried on.

Since the village fiscal year is already partly spent, a fee of \$35 is to be paid for each machine operated for the balance of the fiscal year, ending April 30, 1941.

After more or less tolerating these machines for many years, with no specific arrangements for licensing them or no special ruling on their local legal status or control, the village will by this ordinance place them under specific control, both as to their licensing and operation, President Bartlett explains.

Besides having the machines under local and legal control, enforcement of the ordinance will also provide for a tidy by-product of revenue for the village coffers, board members emphasize.

Had such an ordinance been enforced in the hey-day of the slot machine and "pay-off" device, rather than in the period of the rather innocuous pin ball game, the "take" would have been tremendous, proponents of the ordinance comment somewhat regretting a lost but golden opportunity. In fact, judged from a revenue standpoint only, the present licensing measure is somewhat in the nature of "locking the stable door after the horse is stolen."

From a legal, and from a local law enforcement viewpoint, however, its implications are important, it is pointed out.

**Closes Door to Racketeers**

Some critics have been so ill-natured as to imply that outside forces which might be interested in "cutting in on the take" in return for "protection" of pinball or gaming devices in Antioch some time in the future might not like the ordinance which makes any "protection" given strictly local and legal.

It is also confidently believed, not only by village leaders, but also by many of the general citizenry, that something of a blast of newspaper criticism from some outside communities, including possibly Waukegan, may greet Antioch's action from one motive or another.

**Why Worry About Us?**

It has been observed in the past that a rather morbid and critical interest has been taken in Antioch's strictly local affairs—on the part of other communities that could well afford to devote that interest to the betterment of their own affairs.

According to local sages, a prime incentive for that criticism has no doubt been the fact that Antioch has made it a practice to be a "leader" rather than a laggard in civic betterment; that it is in many respects several decades ahead, civically speaking, of some far larger communities; since the village is, as a unit, a "doer" rather than a talker; and since it pays its debts honestly, meets its obligations fairly, carries out village improvements as progressively as possible, stays out of the "red" financially—and is far too busy minding its own business to attend to that of others—although it pressed for suggestions it could mention a few respects in which said business of said others could be somewhat improved.

All of which would indicate that we of this community mind our own business, and are quite capable of making appeal to the proper and duly elected officials when we need help in the matter of law enforcement. And the local citizenry will be the sole judges if and when need arises.

### Firemen Stop Fire at Sheehan Home

What might have been a costly fire at the Herbert Sheehan home east of Loon lake was stopped shortly after noon Tuesday when the Antioch Fire department was called to extinguish a roof blaze. The blaze was nipped in time and the fire caused but small damage.

## Kufalk Receives His Postmaster's Commission

His commission as postmaster of the Antioch post office was received Tuesday by Roy Kufalk, veteran clerk who was selected to succeed Postmaster James Horan following civil service examinations in which 27 candidates took part several months ago. Formal installation as postmaster will take place at a visit of a postal inspector, possibly early next week.

Meanwhile Kufalk, who had applied for a few days' vacation which were due him, has received his leave of absence, not to go vacationing, but just in time to pinch-hit for his brother, Clarence, on the latter's farm.

Clarence, whose place is located on Highway 59, about a mile south and west of Antioch, was taken to St. Therese hospital early this week for treatment and an operation as the result of an infection. He is expected to return home within a day or two. Meanwhile, Roy is "resting" from his grind at the post office by helping "fill silo" and doing other needed work down on the farm.

## Delinquent Tax Lists Published

Delinquent tax lists for the townships of Antioch and Lake Villa and the delinquent special assessment list for the village of Antioch appear in this edition of the News. Taxes on some of the lands listed as delinquent have not been paid for 20 years, and there are a few owners of property that are unknown to the tax collector.

The county treasurer will apply to the county court on Monday, Sept. 30, for judgment against the lands and lots mentioned in the delinquent roll for the amount of taxes due together with interest, penalties and costs.

On October 14 the lands and lots will be exposed for public sale at the court house in Waukegan. The sale will begin at 9 a. m. and will continue from day to day until the sales are completed.

## Antioch Legionnaires, Sons Attend Dedication

Twenty-four Legionnaires and Sons of the Legion were among the 3,500 who attended the dedication of the National Jewish War memorial at Yarmou-DeVere Post No. 469 in Oak Ridge Jewish cemetery, Chicago, Sunday afternoon. The Antioch Sons of the Legion colors were carried by Jack Horan and Donald Heath.

## Millburn Church Looks Back Over Panorama of 100 Years

### Centennial Is Fraught With Old Memories

### Surreys and Buggies, Historical Display Re-create Aura of Early Days

By Mrs. Gordon Bonner

Commemorating the 100 years of spiritual service the Millburn Congregational church has given to its community was the centennial festival which opened Friday evening, with a dinner at which Dr. Ernest Graham Guthrie, director of the Chicago Congregational union, spoke, and concluded with a centennial festival service Sunday evening.

Dr. Carter Davidson, president of Knox college, Galesburg, Ill., spoke at the Sunday evening service on "Dreams and Visions," paying tribute to the spirit that prompted the founding of the church in the very earliest pioneer days of Lake county.

A memorial observance honoring the Rev. William Bradford Dodge, founders of the church and deceased ministers was held in the Millburn cemetery in the afternoon. In the afternoon, too, a historical exhibit was held, and young people of the church rode in a centennial parade in surreys and buggies, wearing treasured garments preserved by their families from earlier years.

Taking as his text the passage from the Book of John, "Our fathers worshipped God on this mountain," the Rev. Melvin Frank, pastor, preached the sermon at the centenary morning worship Sunday.

One hundred and seventy-five were present at the centennial dinner Fri-

## Legion, Auxiliary Install Officers, Name Committees

### New Leaders Are Installed at Joint Dinner at Lone Oak Inn

Standing committees of the Antioch American Legion and auxiliary were appointed at joint installations held in conjunction with a dinner at Ireland's Lone Oak Inn on Highway 59 last Thursday evening.

They are:

Legion—

Bogardus officer, Walter Hills; membership, William White and Warren Edwards; national defense, L. D. Powles; Poppy day, Dr. L. J. Zimmerman; adjutant, (re-appointed), John Horan

Community service and graves registration committees: Ray Webb; hospital relations, Dr. A. P. Bratrude; Sons of Legion, Clarence White, chairman, and Roman Vos and Ernest Glenn, assistants; publicity, J. Harry Messing and John Horan; school medal award, Otto S. Klass; Service officer, John Horan; Drum and bugle corps, Otto S. Klass; law and order, William Thieman.

Medical officer, Dr. A. P. Bratrude; Americanization officer, Otto S. Klass; athletic officer, Mike Whited; Boy Scout committee, Roman Vos; by-laws, Ray Webb; child welfare, Dr. L. J. Zimmerman; Citizens Military training camp, L. D. Powles.

J. Harry Messing is the new commander.

Legion auxiliary:

Finance, Mrs. Margaret Roof, Mrs. Sine Laursen and Mrs. Otto S. Klass; community service, Mrs. A. P. Bratrude; Poppy Day, Mrs. Lester Osmond; membership, Mrs. Frank Harden; child welfare, Mrs. Paul Chase; rehabilitation, Mrs. Walter Hills; legislative, Mrs. A. Johnson; Americanization and national defense, Mrs. George Garland; radio and music, Mrs. Earl J. Hays, and veterans' unemployment, Mrs. Frieda Yopp.

Gold star mothers, Mrs. Thomas Burnett; junior activities, Mrs. Roman Vos; sick call and relief activities, Mrs. Elizabeth Webb.

Mrs. L. J. Zimmerman is president.

Douglas Getchell of Grayslake, commander-elect of the Tenth district, and Edward Ayers, Waukegan, sergeant-at-arms, presided at the Legion installation, while Mrs. Noel White of Fox Lake, district director-elect of the auxiliary, presided at the installing of auxiliary officers.

day night. The invocation was given by Dr. J. W. F. Davies. Musical selections were given by a quartet trio: Phyllis McClure, Beryl Bonner and Marie Pedesta, and Stanley Jack, vocal soloist.

Historical sketches entitled "Stories of the Beginnings," were given by Miss Vivien Bonner, "The Church," Mrs. Carl Anderson, "The Ladies' Aid Society," and Miss Ruth Minto, "The Christian Endeavor Society."

Several hundred, including many old time residents who returned especially for the celebration, were present at Sunday's events.

Richard P. Martin was soloist for the morning service.

At the centennial memorial service, conducted by the board of deacons, the scripture reading was given by the Rev. Ralph Harris, son of the late Rev. Sheldon A. Harris, a former pastor at Millburn. Prayer was offered by Glenn Strang. The sounding of "Taps" by James Jones and the placing of floral pieces by the Boy Scouts completed the observance.

An automobile of 1926 vintage and a resplendent 1940 model afforded interesting contrasts to the horse-drawn carriages and carriages in the centennial parade.

The Christian Endeavor had charge of the parade, which started at the Denman home, proceeding from there to the church and later to the cemetery.

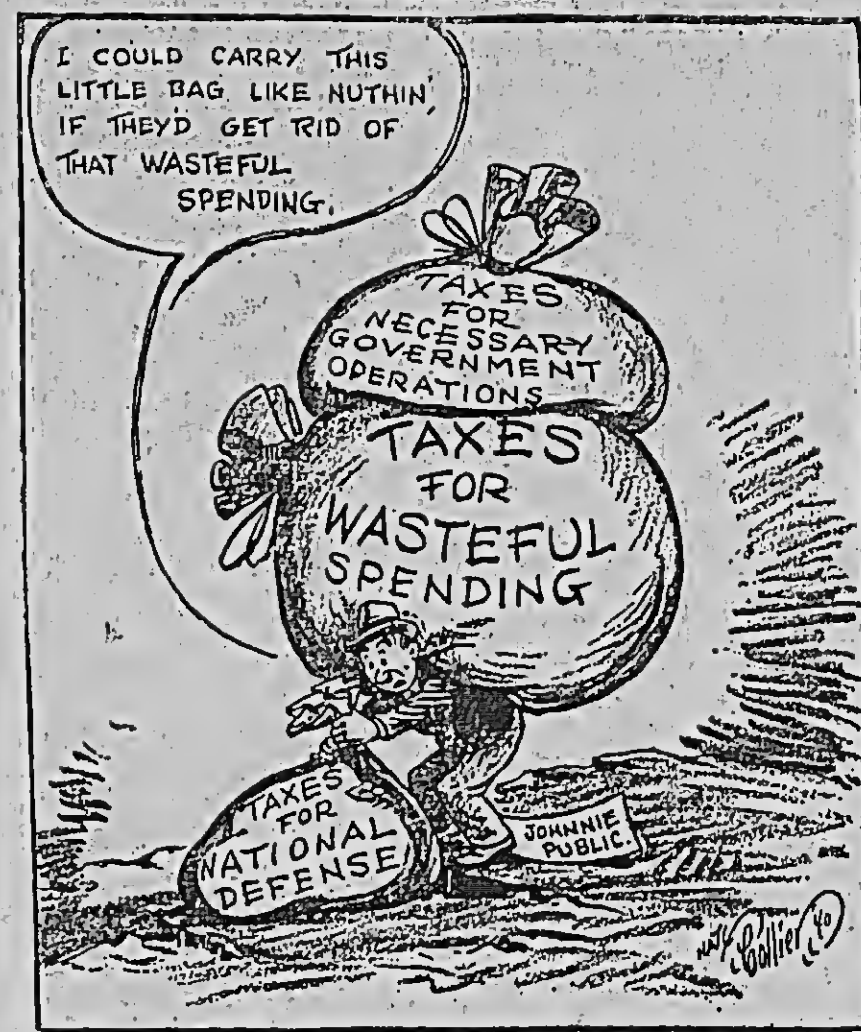

**Centennial Gown**

The oldest woman's gown shown was worn by Lois Bonner—her Great-Grandmother Bonner's wedding dress, made in 1840. Miss Margaret Denman wore the wedding gown of Mrs. Jessie Bonner Low and Beryl Bonner her grandmother Eliza Bonner's wedding dress, made in 1879.

Many other quaint and historically interesting costumes were worn by others taking part in the parade.

Reminiscent, too, of early days was the mishap in which a team became excited and crowded a platoon in which Billie Herrick and Don Truax (continued on page 8)

## THE BURDEN

## Civic Club Will Open Year Monday

The Men's Civic club of Antioch will open its 1940-41 year with a dinner meeting Monday evening in St. Ignace's Guild hall.

Otto S. Klass, the new president, will preside officially at this meeting for the first time.

Dinner reservations may be made with Armand Dalgaard, membership chairman.

A speaker will be present, Klass announces.

## County Republican Rally Will Be Held at Lake Villa Sept. 22

### Young Republicans Will Sponsor Opening Event of Campaign

Following the announcement of County Republican Central Chairman William Marks of Lake Villa, the Republican campaign for the coming elections will be opened. The first affair of the campaign will be a county-wide picnic and rally which will be sponsored by the Waukegan Young Republican organization working in connection with the newly formed Young Republican clubs of Lake county.

James Zerafa, president of the Waukegan group, and Wesley Carey, chairman of the new county organization, will act as co-chairmen of the rally, which will be held at Sherwood Park on Cedar lake in Lake Villa on September 22. C. Wayland Brooks, Dwight Green and all other state, as well as all of the Lake county candidates, will attend, with Brooks and Green making the principal addresses.

Following are the chairmen of the various committees appointed by the Waukegan organization. These chairmen will be assisted by various county young Republicans in the performance of their various duties.

Finance—G. E. Painter and Vernon Rosenthal, co-chairmen.

Publicity—Richard Finn.

Contest—Clarence Adams.

Food—Robert Brown.

Transportation—Gladys Becklian.

Speakers—Mark Beaubien.

Entertainment—Lawrence Biding.

Games—Robert E. Coulson.

Registration and First Voters—Helen Staben.

The rally to be held on Sunday, Sept. 22, will be an all-day affair, with games, contests, speeches and other entertainment planned for those who attend. The Young Republican group are especially inviting first voters. The Lake County Republican rally is open to all Republicans of all ages and will be free of charge. All Republicans are invited to attend.

## Grade Enrollment Down, High School's Is Up

Antioch High school and the Grade school, both of which had delayed their opening a week on the advice of health authorities when two infantile paralysis deaths occurred in the vicinity of Antioch, opened their regular classes Monday.

The high school reported an enrollment of 274, an increase of about 27 over last years. This included 71 freshmen, 79 sophomores, 62 juniors, 58 seniors and four special students who are taking post graduate work.

Antioch Grade school reports an enrollment of 148.

## Organization of Subdivisions is Being Planned

### Open Meeting Will be Held Sunday Afternoon at Felter's Park

Aiming at an ultimate organization of 3,000 or more cottage owners in subdivisions in the Chain O' Lakes around Antioch is an organization meeting to be held Sunday afternoon, Sept. 15, at 2 o'clock in Felter's Park, east side of Lake Catherine.

Warrior, Runyard, Channel Lake Bluffs, Woodcrest and Felter subdivisions were represented at a preliminary meeting held in the park Sunday.

Dr. Haldor Carlson of 4212 Milwaukee avenue, Chicago, (Runyard subdivision) was chosen temporary chairman at this time and Conrad Wolf, 5342 W. Drummond ave., Chicago, was named secretary.

A committee of five was appointed to draw up rules and regulations which were discussed at a committee meeting in Dr. Carlson's office Wednesday evening, preliminary to their being submitted at the meeting Sunday.

**Would Improve Region**

The organization will have as its objective the improvement of the lakes region. Among the major matters in which it considers joint action are the maintaining of water levels, police protection, sanitation, pollution of waters, taxes, motor boat regulations, general morale, fire hazards, the widening of channels, the fish supply, and other matters which are of common interest to the entire lakes area.

All persons owning summer homes on the Chain O' Lakes are invited to attend the meeting Sept. 15, it is announced.

Among those who have been active in promoting the formation of such an organization is J. C. James, veteran Antioch real estate man who has advocated such a step for the past four years, and has for the last two months been actively engaged in furthering it.

## 'round the Lakes

Mr. and Mrs. Frank Tontillo, and Mrs. Frances Tontillo of Crooked Lake Oaks, Lake Villa, where they have a summer home, were business visitors in Antioch and Camp Lake Tuesday. The Tontillos are among the many summer residents in this region who have been remodeling their cottages into year-round homes, in order to enjoy the peapores of the lake region at all seasons. Mr. Tontillo is an assistant pressman at the Manz.

The Meyers family of Hillside resort, Fox Lake, returned early this week from a northern motor trip.

A general invitation to all people of the lakes region to attend the big annual fall basket picnic at Herman's resort on Bluff lake Sunday has been issued by Mr. and Mrs. Ed. Knickelbein, proprietors. Many out-of-town visitors are also expected, more than 500 planning to come from Chicago alone. The admission price will cover all refreshments except the basket lunch which those attending are warned to bring. "Ed" announces, and there will be games and other entertainment to make for an enjoyable day.

Fox Lake firemen will hold their annual benefit dance at "The Rage," Ingleside, Saturday evening.

Walsh was also a leader in the Republican party in McHenry county. He was for 16 years postmaster of Harvard, having been appointed in 1899 by President McKinley, and receiving re-appointments during the Theodore Roosevelt and Taft administrations.

From 1917 to 1921 Mr. Walsh was a member of the Illinois Civil Service commission. In 1929 he was named director of the state department of registration and education by Gov. Louis L. Emmerson, holding that post until 1933.

He is survived by his widow, the former May G. Groesbeck.

Walsh had many friends in the Antioch region, and had been a visitor at the Antioch News office in past years.

## Insurance Coverage Is Discussed by Firemen

Insurance matters occupied the attention of the Antioch Fire department at a meeting Tuesday evening in the village hall, and will again be discussed at a meeting Tuesday evening, Sept. 24.

The firemen at present have a three-fold coverage, by the Illinois Firemen's Mutual, the workmen's compensation act, and a blanket policy covering 30 men.

### GET FIRE ON THE RUN

Here's a date to mark on your calendar— Oct. 6 to 12.

During that period, Fire Prevention Week will be observed this year. And that week isn't something to idly notice, then forget. Fire Prevention Week is carried on for you — and for all the other people in this country. It is carried on for your business, and every other man's business. It marks an intensive effort to awaken the American people to the terrible waste fire leaves behind it—and to show how fire may be conquered.

Fire Prevention Week is far more important than usually this year. Today, largely due to the rearmament drive, industrial production is on the upward curve, and is slated to go rapidly higher as the drive gains impetus. And the record shows that the danger of fire increases as production increases. That means that fire, if not controlled, can be a very real danger to our defense plans. It takes an intricate industrial machine to make the weapons we need today — all the agencies of manufacture, transportation and assembly must work with the precision of pistons. One bad fire in one key factory might delay for months the production of weapons which we sorely lack.

On top of that, special precautions must be taken against the arsonist and the saboteur — as our experience in other times of crisis grimly proves. Authorities expect efforts to sabotage the defense program — and fire is always regarded as a handy weapon by the purposeful destroyer.

Fire Prevention Week should be observed by all of us — by every man and woman able to read and listen and learn. This is one place where all, old and young, can be

of great aid to the national defense program. Do your part.

### SCIENTIFIC SHOPPING

The alert housewife can do a great deal toward making budget dollars stretch — and toward keeping merchants on their toes trying to out-serve each other.

A recent issue of Consumer's Guide, a publication of the Department of Agriculture, offers the housewife some excellent advice. It is certainly simple and obvious. Here are a few of the suggestions:

1. Plan before you market — check supplies in your larder and left-overs in your refrigerator.

2. Shop around and compare prices — watch the newspaper for specials.

3. Always buy by grade whenever possible. Grades are your guarantee of the quality you want and are paying for.

4. Be sure that the scales in any store you patronize carry the seal that shows they have been inspected and approved by your weights and measures official.

5. Look for the net weight on packaged foods. Compare the cost per ounce of different brands and containers to determine which is the better buy. Be on your guard against off-sized packages.

6. Take home the trimmings. Scraps trimmed from your meat purchase can be profitably used in various ways.

A buying public which makes its marketing tours with its eyes open, and with the basic knowledge that enables it to buy to the best advantage, can't be easily exploited. Scientific shopping helps stimulate competition between all kinds of stores — chain and independent, variety stores, super-markets, and all the rest — to the end that the housewife gets more for her money.

Latest polls indicate that this, as forecast, may be one of the closest elections in a long time — margin between Roosevelt and Wilkie in big key states is only one to five per cent. Yet there will not be much activity for another month — both sides are afraid of bringing their drives to a climax too early, thus paving the way for a let-down that might lose them legions of on-the-fence votes.

Mr. and Mrs. Will Thompson and Helen were Zion callers Saturday evening. Geo. A. Thompson returned home with them to spend Sunday.

### Warts

Contrary to still-prevalent belief, warts are not contracted by touching a toad's back. This idea arose because toads' backs look warty, and by symbolic magic whatever resembles a disease is thought either to cause or cure it.

### Irish Free State

The Irish Free State includes three southern provinces of Ireland — Leinster, Munster and Connaught — and three counties, Cavan, Donegal and Monaghan, of the Province of Ulster.

### Meteor

When a meteor strikes the earth, it becomes a meteorite. Biggest meteorite ever dug out of the ground was at Bacubirto in Mexico; it was a mass of iron weighing about 50 tons.

### Singing in Bathtub

At last we know why so many of us love to sing in the bathtub—a throat specialist recently declared that steam acts on our vocal cords as a natural lubricant.

### Street Scene

Every Broadway stage producer turned down Elmer Rice's "Street Scene," which costed \$2,000,000 when William A. Brady took a chance.

### Not Columbus

Brunelleschi and not Columbus made an egg stand on end. He did it to silence critics who asked him how he was going to support the dome of the Cathedral of Florence.

### Wore Corset

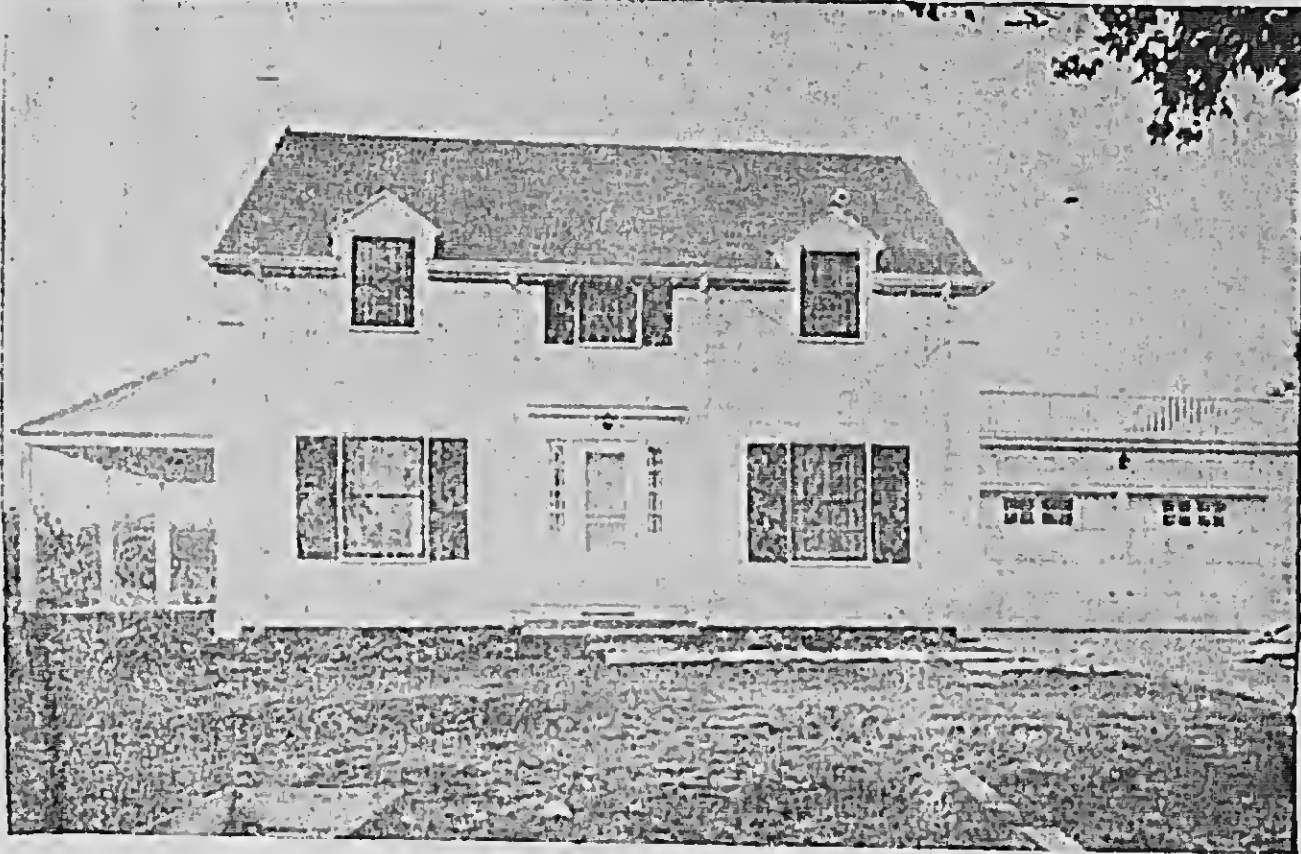

Sir Walter Raleigh always wore a corset, even when he slept. He also wore diamond shoe buttons and pearl earrings.

Triple insulation means a house that has been "insulated" or protected against fire, weather and wear with these three J-M materials:

1 Asbestos Shingles on the roof and Asbestos Siding provide a fireproof, lasting exterior.

2 Rock Wool Home Insulation in walls and attic protects against winter cold and summer heat, and gives added protection against fire.

3 J-M Steelux Plaster slows retards the spread of inside fire and reduces plaster-uptake expense.

## IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

By HAROLD L. LUNDQUIST, D. D.  
Dean of The Moody Bible Institute  
of Chicago.  
(Released by Western Newspaper Union.)

### Lesson for September 15

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

#### THE EVER-PRESENT GOD

LESSON TEXT—Psalm 136:1-12, 23, 24.  
GOLDEN TEXT—If a man love me, he will keep my words; and my Father will love him, and we will come unto him, and make our abode with him.—John 14:23.

"The Psalm of the Unavoidable God"—so Abingdon characterizes Psalm 136, but goes on to say, "It's main theme is 'God Cares.' He cares personally and individually." The omniscience and omnipresence of God, in the trying of the hearts of men, rightly brings fear to the ungodly, but to those who love and serve Him it can bring only assurance and joy.

The sublime concept of God here presented is an evidence of the divine inspiration of the Bible, for no human philosopher could ever have attained to or expressed such an understanding of the true nature of God. Only the infinite, all-knowing God, speaking through man, could give us this magnificent Psalm. It reveals that

I, God Knows Everything (vv. 1-10).

He is entirely unlimited in His true and eternal knowledge of things. Man is always limited in his knowledge of himself, of the world in which he lives, and of God, except as He reveals Himself. Our knowledge is not only partial; but progressive, going from one fact to another; but God knows all things perfectly and entirely from the beginning, yes, from all eternity.

One might well suppose that such a Being would be concerned only with the great and mighty forces of the universe, but we are told that He has an exact and intelligent understanding of and interest in even such simple details of life as our "downsitting and . . . uprising."

God is not so foolish as man. He does not put things and power above personality. He is interested in you and in me—is vitally, personally and blessedly concerned about each one of us. Knowing all about us, He builds a garrison of understanding love around us (v. 5; see Phil. 4:7 R. V.), and keeps His eternally powerful but tender hand upon us, if we permit Him so to do. Reader, have you submitted your life to His control through Jesus Christ our Lord?

II. God Is Everywhere (vv. 7-12). In our humanity we are limited, not only in knowledge, but also in our ability to be in more than one place at a time. The Bible tells us what our reason would expect; that God, the infinite One, is everywhere at all times. This does not mean (as the pantheist would have us believe) that God is lost in nature, bound up in the rocks and trees, but that He is everywhere immanent in majestic power and love, sustaining all things, controlling and directing the destinies of His universe. He is not afar off, letting the world care for itself (as the deist would say).

"But here in present majesty,  
As in His courts on high."

The man who would hide from God and flee from the Holy Spirit finds no comfort in these verses. He may attempt to hide in heaven or in the abode of the dead, but God is there. If he could ride with the speed of morning light (v. 9) to the uttermost parts of the earth, God is there before him. Darkness, which men think will hide their evil deeds, is like daylight to "Him with whom we have to do" (Heb. 4:13).

But why flee from a loving God? Why not come to Him in loving obedience, and then with the psalmist rejoice that we "cannot get beyond the circle of His love"? What a blessed truth it is that wherever these lines are read—in the home, the church, in a hospital, in a jail, in an airplane, in the depths of a mine, in darkness or in light, in the great city, or by one living alone in the wilderness—God, the infinite, all-knowing, eternal, loving God, is there. He is right at your side, reader. Turn to Him, count on Him, love Him, serve Him.

III. God Searches Man's Heart (vv. 23, 24).

Verse 3 of our psalm teaches that God searches the hearts of all men, but here we find the psalmist wisely inviting God to search his own heart. It is one thing to know a universal truth; it is another matter to make it personal. It is one thing to know that God, against my will, is pointing out to me the sin and rebellion of my heart; it is quite another thing to open my heart voluntarily to His searching scrutiny.

Why did the psalmist ask God to search him? That in trying his thoughts any wickedness might be revealed and put away. That is the important point. It is not enough to know that sin is there. We must ask God to give us grace to put it out, that He may then lead us in the "way everlasting."

The Word of God points the way of righteousness in both heart and life. Who will decide this day to walk in that way—in fellowship with the all-knowing, ever-present Lord?

### Wallace Wrong Again!

Democratic Vice-Presidential Candidate Henry Wallace in his acceptance speech asserted that during the seven years that President Roosevelt has been in office farm incomes "have been more than doubled." Like so many New Deal statements, that one simply is not true.

Figures supplied by the United States Agricultural Department show that cash income from farm marketings in 1933, the year in which Mr. Roosevelt became President, totaled \$5,270,000,000 and that in 1939, the last full year for which we have a report, they were \$7,025,000,000. This is an increase, to be sure, but it is NOT MORE THAN DOUBLE.

Of course, it is never fair to compare one year against another unless account is taken of all circumstances. A fair basis of comparison is that of the full seven years of the New Deal and the seven previous years. What does that show in the case of farm income?

Cash farm income for the seven Republican years preceding the New Deal—including the worst years of the depression—averaged \$9,045,000,000 a year. The average annual total for the New Deal seven-year period was \$7,247,000,000. Annual average income per farm for the 1928-32 period was \$1,432 compared with \$1,062 for the 1933-39 period. Average annual income per farm was \$298 compared with \$220 for the New Deal years. The figures for the New Deal years include benefit payments from the Federal Government.

It is no wonder Henry Wallace devoted most of his speech to the foreign situation!

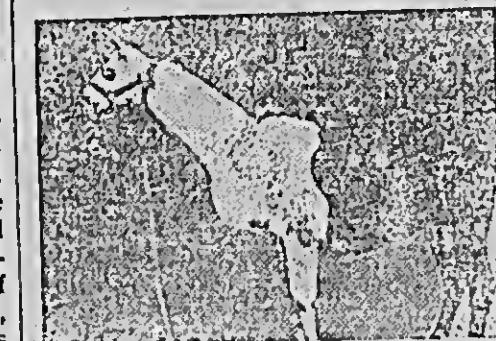

New Deal Drops in Exports  
In the depression year of 1932 exports of American products had a value of \$752,000,000. In 1939 agricultural exports had a value of \$893,000,000.

Illuminating Gas  
Causes for the escape of illuminating gas are varied, says a report of one of America's largest companies. Some of the causes are flexible pipes becoming detached from heaters; inadvertent turning of gas jets; and extinction of gas flames by overboiling water or by a gust of wind.

Deodands in English law formerly were personal belongings which, having been the direct cause of death of a person, were given to the crown for use as alms. Such requirement was abolished in 1829.

## For '41—Finest We've Done!

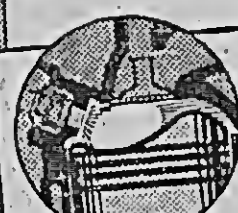

WITH this advertisement, Buick ushers in a brand-new automobile model year.

1940 production is history—recording the greatest manufacturing and selling season our company has ever known.

You may be sure we grimly realized we had to accomplish things in our new cars for 1941 that we could count on to continue our advance.

So we've taken our greatest all-time car and steadily and carefully brought it forward to a perfection of action, ease, goodness beyond anything ever offered under our name.

### THE FIREBALL DOES IT!

Modern gasoline engines have high octane ratings to permit higher compressions without "ping." Note how this piston, which can be used only in valve-in-head engines, rolls the fuel charge into the shape of a flattened ball that centers around the new, smaller, racing-car type spark plug. Fired at its very heart, this more highly compressed fuel goes with such full-forced, "ping-free" wallop that only gasoline of 75 octane rating (now available at standard-fuel prices) may be used in the 115-hp. engine. Any fuel of 80 octane rating serves in the 125- and 165-hp. engines.

Every car in all five series of the whole new line deserves unused fresh-minted language.

Stylewise, their suave and dynamic beauty refreshes the jaded eye as would sight of a hydrant in the desert.

They move and function like young wild things. They're all grace and poise and eagerness. They bring to driving and handling a keener pleasure and a new thrill.

Go see these superb new cars at your dealer's and ask especially about the new micropoise-balanced FIREBALL engines—the 1941 furtherance of Buick's Dynaflex design and kinship of all the features that make Buick the sensation of the new automobile year.

\*According to the Encyclopaedia Britannica, a super motor which travels with a series of explosions like the shock waves of a great projectile is called a "FIREBALL."

## Evelyn Overton is Wed in Los Angeles

Of considerable interest to Antioch residents is word from Los Angeles of the marriage of Miss Evelyn Overton, last Thursday.

Only close friends and immediate relatives were present at the ceremony in Brentwood Heights, West Los Angeles, in which she became the bride of Kenneth Cary Boyer, Riverside, Calif.

Mrs. William Overton, the former Hazel Hawkins of Antioch, was matron of honor and William Overton attended the bridegroom.

The bride, wearing an ensemble in soldier blue with a corsage of orchids, was presented in marriage by Chris Laursen.

Flowers and candles for the wedding supper served immediately after the service were in pastel colors.

The former Miss Overton was graduated from Antioch High school, in the class of 1936.

The Boyers plan to make their home in Riverside, where the bridegroom is in business.

## Miss Ames Completes Nearly Twenty Years' Work For Church

The request of Miss Ella Ames, who has served as financial secretary of the Antioch Methodist church for nearly 20 years, to be relieved of her duties in that capacity, was accepted with regret at a special session of the church's quarterly conference.

Mrs. Dorothy Rungard was elected on nomination of the pastor, the Rev. W. C. Henslee, to fill the office vacated by Miss Ames.

During her long period of service to the parish, Miss Ames has won high esteem from the parishioners and the clergymen serving the church for her devoted and efficient aid.

Trustees who were elected at the meeting to complete the church's official organization were W. C. Henslee, Roy Kufalk, Ben R. Burke, C. F. Richards, S. E. Pollock, William Rungard, W. G. French, Mrs. Clara Westlake and Mrs. H. B. Gaston.

Twenty-three were present at the pot luck dinner held previous to the meeting.

## CHRISTIAN SCIENCE CHURCHES

"Man" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, September 8.

The Golden Text was, "The Spirit itself beareth witness with our spirit, that we are the children of God; and if children, then heirs; heirs of God, and joint-heirs with Christ" (Romans 8:16, 17).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, even as by the Spirit of the Lord" (11 Corinthians 3:18).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Man is idea, the image of Love; he is not physique. He is the compound idea of God, including all right ideas; the general term for all that reflects God's image and likeness; the conscious identity of being as found in Science, in which man is the reflection of God, or Mind, and therefore is eternal; that which has no separate mind from God; that which has not a single quality undervived from Deity; that which possesses no life, intelligence, nor creative power of his own, but reflects spiritually all that belongs to his Maker" (p. 475).

## "Health, Happiness" Figure in Antioch P. T. A.'s Program

Plans for Coming Year Are Outlined at Opening Meeting

"Creating Attitudes and Opening Avenues to Happiness" was adopted as its general slogan by the Antioch Grade School Parent Teacher Association in its first meeting of the year, Monday evening.

A series of meetings is to be held according to the following principles: 1. Mental Hygiene; 2. Democracy; 3. Promotion of patriotism; 4. Better Use of Leisure Time; 5. Home Making; 6. Art for Children; 7. Development of Thrift Among Children.

Authorities in the various subjects will preside over or serve as speakers at the various gatherings. Teachers from the grade schools, who are fitted by education to talk on the subject, will present a program on the mastering of common skills by children.

The organization also arranged for an extensive health program which will include the vaccination of children against smallpox; Schick tests; diphtheria inoculation; summer round-up, tests of health of younger children; physical examination of fourth grade pupils both at beginning of year and at end of first five months; dental examinations for all children; purchase of a playground slide for small children; and milk for children of less fortunate families.

Name Committees  
Standing committees of the organization were appointed. They include:

Program—Mrs. Arthur Tuleger, chairman; Mrs. David Deering, R. E. Chabanz.

**Picture Is Taken from Chapel at Camp Lake**

Whether it is a case of a "meanest thief" or merely a borrower is not yet known, but officials of the Salvation Army camp at Camp Lake, Wis., are distressed over the mysterious disappearance of a large picture from the chapel some time between Saturday morning and Sunday afternoon.

The picture, a pastel crayon portrait of a head of Christ, did not belong to the camp but was owned by Miss Frances Mastrolanni of Chicago, who is employed there.

Because of its religious nature, and its size, 45 by 35 inches, authorities are puzzled as to what motive could have inspired anyone to take it, and also as to the manner in which it could have been taken out of the chapel.

Meanwhile, Miss Mastrolanni asks that, in case the picture was merely unwittingly borrowed without proper notification, it be returned to her or some information offered as to where it is now.

## Continual Daily Supply

THERE IS RECORDED in Exodus a most remarkable manifestation of daily supply (Exodus 16:4, 15): "Then said the Lord unto Moses, Behold, I will rain bread from heaven for you; and the people shall go out and gather a certain rate every day, that I may prove them, whether they will walk in my law, or no. . . . And when the children of Israel saw it, they said one to another, It is manna; for they wist not what it was. And Moses said unto them, This is the bread which the Lord hath given you to eat."

What is termed social security engages much time and thought today; particularly is this so among those who place their entire dependence upon material means. Apparent conditions of insecurity, lack, or poverty are prevalent among many classes of people, because men have not yet generally learned that the source of security, supply—of all good—is Mind, God, not matter.

Ways and means have been sought to secure for humanity some sort of daily supply. Mainly these efforts have been along material lines. . . .

Looking to matter as the source of supply, mankind is often disappointed and perplexed. . . .

When one turns to God for help in time of need, as did Moses, one turns to the ultimate source of all good. Jesus taught absolute reliance upon God. . . .

God's law of ever-available supply knows no past, and no future; it is operative now and forever. Scientifically to understand this fact frees one from anxious thought about tomorrow, and gives one a clear sense that all good, all supply, all health—the fullness of harmony—are now. In "Unity of Good," Mary Baker Eddy states (p. 41), "The sweet and sacred sense of the permanence of man's unity with his Maker can illumine our present being with a continual presence and power of good, opening wide the portal from death into life; and when this life shall appear we shall be like Him, and we shall go to the Father, not through death, but through life; not through error, but through Truth."

The continuity of good is the spiritual fact of which we can become conscious here and now. Since the source of all good is Infinite Spirit, good itself is spiritual and infinite, to be realized in proportion to the individual's understanding of spiritual realities.

The continual daily supply of good flowing from divine Love to each one knows no limitation, no cessation, no interference, and no obstruction to its clear expression. It includes and embodies the full fruition of hope, understanding, confidence, and expectancy of good.

The individual discernment of this truth is requisite to its attainment or demonstration. St. Paul recognized this fact when he said in his second letter to the Corinthians (9:8), "God is able to make all grace abound toward you; that ye, always having all sufficiency in all things, may abound to every good work."

One's continual daily supply of good comes naturally and spontaneously, as one places his entire dependence upon divine Love. It is not subject to material conditions, neither is it in any way limited or restricted. It comes, as did the manna in the wilderness, through the operation of the law of infinite good, through which also the loaves and fishes were multiplied. This ever-present, continuous supply is the divine natural manifestation of God's loving care for His children, and is exemplified in daily experience, proving conclusively that active faith combines with right activity of thought, deed, and purpose, in the unfolding of the good which God has abundantly prepared for all His children.

40 YEARS AGO  
In the Antioch News  
Sept. 13, 1900

From the Grayslake locals—Station Agent W. B. Higley's student, O. Barber, has accepted a responsible position in the tower house at Des Plaines, having 14 levers to operate besides the telegraphing.

Farmers are busy harvesting their corn.

Mrs. C. E. Kelley was honored with a surprise party planned by her sister, Libbie King, and presented a very handsome parlor lamp and a salad dish.

A barn on the property of the late William Burke burned to the ground Sunday afternoon.

Maude Brogan started for Kenosha Monday to attend the fall and winter term of the College of Commerce.

27 YEARS AGO  
Sept. 11, 1913

The local "school mams" began their duties in respective places this week. Miss Belle Hughes as Grass Lake, Miss Mary Tiffany at the Grimm school, Miss Pauline Smart at Channel Lake, Mrs. Delia Sherwood at Prairie View and Miss Deedie Tiffany at the Sterns' school. Miss Hester Beebe will have charge of the Johnson school but will not begin until the completion of repairs on the school house which are now under way, and Miss Mary Paddock will open the Bean Hill school next Monday.

Fifteen thousand Japanese gathered in Hibiy Park, Tokyo, in a mass meeting calling for military action against China for the assassination of Morihiro Abe, director of the political bureau of the Japanese foreign office.

14 YEARS AGO  
Sept. 16, 1926

Mr. and Mrs. Harry Messager are the proud parents of a son, born on Wednesday morning, Sept. 9. The baby has been named John Henry, Jr.

R. T. Bufton of Silver Lake is secretary and William Lake president of the West Kenosha County Fair association which will hold its exhibits Sept. 23 and 24.

Doris, four-year-old daughter of Mr. and Mrs. Wray Sheen, was badly shaken up when she was struck by a passing automobile Monday of last week.

Sixty-four years ago Sept. 10 the first passenger train passed on the North Western between Kenosha and Harvard. (Editor's note—this r. line was discontinued during the past year, after 77 years of service.)

One hundred and eighty-two children registered at the Antioch Grade school last Tuesday.

### Suspend County T. B. Clinics for September

Clinics of the Lake County Tuberculosis association will be suspended during the remainder of September, to give Miss Orpha White, nurse for the association, a vacation. However, the association's office in Waukegan will not be closed, and inquiries or requests may be made by telephoning Majestic 1805.

During the first six months of 1940, Miss White reported at an executive committee meeting Sept. 4, the association sponsored 47 clinics at which a total of 758 were in attendance. This included 277 new patients and 481 re-examinations. There were 254 tuberculin tests given, and 250 X-ray pictures were taken.

Under the sponsorship of the association 752 visits were made, including 340 to homes of patients, 173 business visits, 74 conferences with board members, 52 visits to physicians regarding welfare of patients, 32 to members of the county board of supervisors and 92 others.

Health education work included 15 talks before P. T. A.'s, schools and clubs.

The following note sent to the News by the nurse of the association will be of interest to Antioch readers:

(Dear Editor: I hope you visited the booth of the Lake County Tuberculosis Association at the Lake County Fair in Antioch last week. I enjoyed the three days at the Fair and being in our booth, and sincerely hope that we may have the same privilege next year as I am sure our display added much in educating the people about our work in Lake County. We had a questionnaire which several answered, and we noticed that those who said they lived in Antioch where you have had tuberculin testing, pictures in your schools, and also in your theaters, rated high in their answers.)  
Orpha L. White.

### None Were Burned

Nineteen persons were hanged but not one was burned in the outbreak of the anti-witch fanaticism of 1691-92 at Salem, Mass.

### Just a Fable

The story of George Washington cutting down the cherry tree was a fairy tale invented by his biographer, Mason Weems.

### Thirteen Unlucky

Rossini, the composer, wrote the "Barber of Seville" in 13 days and regarded that number as unlucky thereafter.

### Not Dignified

Louis XVI screamed for help and struggled with his executioner and was not the pink of dignified propriety as history records.

## ACES BEAT LAKE GENEVA, 9 TO 5

Madsen Pitches Six More  
Hitless Innings; Play  
Wilmot Sunday

In a game featured by the pitching of Bob Madsen who was on the mound for six hitless innings, the Antioch Aces defeated Lake Geneva here Sunday, 9 to 5. Madsen pitched a no hit game against the Harvard team the previous Sunday, and his six inning stretch against Lake Geneva makes 15 consecutive hitless innings for the Antioch pitcher.

Jack Effinger and Maynard Schneider played in the All-Star game at Petriy Springs when the champion New Munster team was defeated 9 to 1. Both got 2 hits.

The Aces will play a double header with Wilmot Sunday at Fox River park, the first game starting at 1:30 o'clock.

## Famous Artist of "Our Democracy" Cartoons

Hubert J. Mathieu ("Mat")

Hubert J. Mathieu, who draws the "Our Democracy" cartoon series, has been nationally known for years as an illustrator of stories and serials in such magazines as the Saturday Evening Post, Colliers, Ladies Home Journal, McCall's, Cosmopolitan.

Mr. Mathieu's first paid job was as a farm hand, and he owns and lives on a farm today. Born in Brookings, S. D., the son of the late Hubert B. Mathieu, dean of South Dakota State College at Brookings, the artist worked as a boy on nearby farms. He graduated from South Dakota State College in 1919. In his years of success he has gone back to the land. He owns and lives on 150 acres in Bucks County, Pa. The farm

which this year has 20 acres in corn, 20 in wheat and 15 in oats, as well as hay and truck, is operated for Mr. Mathieu by his nearest neighbor, on shares. Mr. Mathieu says the farm pays both him and the neighbor.

The series of cartoons "Our Democracy" scheduled to appear weekly in this paper, Mr. Mathieu draws partly on his farm and partly in a studio he rents in New York, where the photograph above was taken.

Mr. Mathieu is of American Revolutionary stock, of French, Dutch and English ancestry. He is married and has four children.

His uncle, Oscar Mathieu, is senior agronomist of the U. S. Department of Agriculture, at Washington.

## OUR DEMOCRACY—by Mat

**U. S. Provides Jobs**  
In the five years that WPA has been in existence, it has given jobs to more than 7,500,000 persons. The government has spent around \$8,000,000, mostly for wages, to provide these jobs.

**Auto on Railroad Wheels**  
An automobile mounted on railroad wheels and drawing a trailer carried mail, express and passengers for several years between Albany, Ga., and Boston, Ga., on the Georgia Northern railroad.

**Pupils Happy**  
Spring high school, seven miles northwest of Longview, Texas, was closed because pupils could not hear the voices of teachers above the din of drilling machinery at eight nearby oil wells.

**Overheating Cheese**  
Overheating toughens the protein of cheese and makes it stringy. In blending cheese with other ingredients, therefore, melt it at a low temperature and avoid "cooking" it.

**Siege of Troy**  
The siege of Troy is a myth and according to Homer's own account, Helen of Troy must have been 60 years old when Paris fell in love with her.

**More Women**  
Washington, D. C., has a higher ratio of females to males than any of the 48 states.

**Plus Fours**  
The standard length of the inseam seam on knickerbocker trousers had always been 29 inches until British tailors added four inches to the seam for the sake of comfort. Then they became known as "plus-fours."

**Demosthenes**  
Demosthenes' most famous oration was "De Corona," delivered in 330 B. C. as a reply to the famous speech of Aeschines against Ctesiphon.

**Juror Crochets**  
Mrs. Frank A. Vreeland of Hartsdale, N. Y., recently received permission to crochet a dolly while serving as a juror in a murder trial.

**Oxfords in Oxford**  
Oxfords or low shoes undoubtedly received that name because this footwear was first made and worn in Oxford, England, during the Seventeenth century.

**Arctic Recedes**  
The Arctic is creeping farther north in Siberia, records compiled recently showing that in a century the zone of subsoil frozen in all seasons has in places receded 40 miles.

**Russia Military Force**  
Russia has an active military force of 843,000. There are 18,000,000 trained reserve men. The military force of Russia is 11.4 per cent of the population.

## McNARY OFFERS SOUND PROGRESSIVE IDEAS

Senator Charles L. McNary, the Republican nominee for Vice President, demonstrated in his Acceptance Speech that he remains a symbol of the pioneering West, believing in progressive but sound ideas of government.

The Oregonian gave the New Deal credit for trying—but, as he pointed out so forcefully, it has failed to achieve its objectives because of a lack of capacity to govern and because of its "political and economic heresies which have deflected us from our course."

Speaking of the farm problem, Senator McNary asserted that "the prosperity of agriculture should be the first charge on the attention of any administration." Those who have followed his career as a battler for the farmer during the last 23 years in the Senate know that Charles McNary speaks with sincerity on that subject.

"The New Deal has administered the farm problem for more than seven years," Senator McNary asserted. "What is the present state of the American farmer, who, with his dependents, makes up a quarter of our population? In the year 1939 his share of the national income was the lowest since statistics have been kept."

Senator McNary strongly advocates preserving the American market for the American farmer, believing it is "for and away the greatest market" and the "only one we can hope to control."

**Indirect Taxes**  
The Northwestern National Life Insurance Company finds that families with a monthly income of \$80 pay an average of \$116.04 a year in indirect or so-called hidden taxes. This is about 12 per cent of the average income. Who said only the big fellows pay taxes?

**Charley Horse**  
A Southern ballpark owner used a spavined nag, named "Charley," to drag a sprinkler around the dusty infield of the diamond. Each step Charley took was an agonizing one which made him pause. A ball player had a torn leg muscle which caused him to limp. Recalling Charley's pace, a bleacher fan called out "Charley Horse"—a nickname generally applied now.

**Serving Eggs**  
Eggs can be served by boiling, scrambling, poaching, frying and shirring. These are mere beginnings. Whether people care to believe it or not, there are 742,367 ways in which to serve eggs—at any rate, that's the figure claimed by Christine Carlson, nutrition expert of Ohio State university.

**As Crow Flies**  
"As the crow flies," is proved wrong by American air pilots. They have been keeping the crow under observation and find he does not take the shortest way. The crow is really a very erratic flyer who cannot keep in the same direction for more than a minute at a time.

## NEED INSTRUCTIONS

**President Roosevelt Should Tell Mayor Hague to Obey Law.**

President Roosevelt talks a great deal about keeping bright the fires of democracy. But in Jersey City his henchman, Mayor Frank Hague, Vice Chairman of the Democratic National Committee and ardent third term supporter, thwarts the workings of democracy by refusing to install voting machines as directed by the State Legislature. What does Mr. Roosevelt say about that? Nothing.

**All Promise, No Performance**  
Including his campaign pledges, President Roosevelt has promised to balance the budget no less than eleven times. During the seven years of his Administration, however, Mr. Roosevelt has never balanced the Federal budget. The average annual deficit for these seven years has been \$3,237,400,000.

HUNDREDS NOW IN USE!

ECONOMICAL, NEW, AUTOMATIC GAS HOUSE-HEATER

Does away with fall and spring furnace fire-building

Teeter-totter temperatures

BEFORE

Chilly fall days call for a fire—so down to the basement you go with paper and kindling—ready to heap on fuel.

Whoops . . . hot weather again. And there you are with a blazing furnace fire. Well, nothing to do but let the fire burn itself out.

What! Yes, now that the furnace is out, the weather turns cool again. So down you go once more to start up the fire. This can go on for days.

Uniform temperature

AFTER

A crisp fall day—so what do you do? Well, it takes but a minute to install this portable unit. Just fit it in the furnace door and let it provide clean, even, healthful heat.

Now the weather gets warm again. Okay—you'll not waste fuel; for the thermostat control has turned off the heat automatically—kept the house from becoming too warm.

The paper forecasts "cold tonight". Don't worry—the gas heater turns on automatically when the weather changes. No work, no worry, and uniform temperatures always!

**Provides uniform, automatic heat for more than half the heating season**

The story of how this amazing unit operates is told in the pictures above. But here are a few more points you'll want to know about: It's light weight . . . (weighs only 12 pounds). You can attach or remove it with ease . . . no nuts, bolts or wrenches required—no pipes to disconnect. It's economical—(1) operates only when necessary; (2) takes a special low gas house-heating rate; (3) can be used as little or as much as you want. It does not interfere with your regular winter furnace operation, nor does it require any alterations to the furnace grates or fire-box.

Now, before changeable fall weather arrives get full particulars about this economical new unit. Write or phone . . .

## Lump in Throat

When a person eats something it passes into the throat after being chewed. But instead of just dropping down into the stomach, there is a nine or ten-inch series of rings in the throat that takes the food, passing and squeezing it from one set of muscle rings to the other. These muscle rings are capable of working both up and down. Thus, if something is eaten which causes sickening, the muscles work the other way to force the matter from the stomach. Grief or a scare sometimes causes a sort of hollow feeling in the stomach and the muscles of the throat work upward, pressing against the windpipe. This causes one to feel as if there were a lump in his throat.

## Milkier's Nodules

Dr. Frederick T. Becker, of Du-luth, Minn., reported studies of four cases of milkier's nodules, an occupational disease of persons who milk cows. He determined that the disease, which consisted of small swellings on the hands, came from sores on the cows' udders. He further found that the germ concerned was not cowpox, bovine form of smallpox, but the nodules were easily cured in four to six weeks and produced only slight pain and mild itching, and that one attack immunized the milkier against the disease.

## Mashed Potatoes

For whiter mashed potatoes or boiled rice, add a pinch of cream of tartar to the cooking water.

## Stupendous Collision

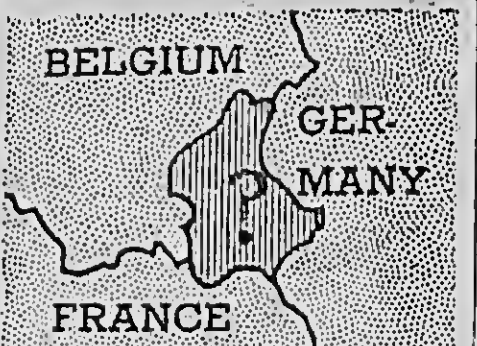

Prof. Harlow Shapley, director of the Harvard university observatory, has discovered evidence of a stupendous collision of two island universes hundreds of millions of years ago. Each universe was composed of billions of stars. Dr. Shapley bases his conclusions on telescopic observation of a "cosmic dent" in a star system known as the smaller Magellanic Cloud.

## Mrs. Mary Miller, 74, Passes Away

Mourning by the many friends she made during the past 19 years as a resident of Antioch township, Mrs. Mary Miller was laid to rest in Liberty cemetery yesterday afternoon following services held at 2 o'clock in the Strang Funeral home. The Rev. S. J. Pollock officiated.

Mrs. Miller died at her home in the township Monday. She was born in Hazelburg, Germany, in 1888.

Survivors include her husband, Charles; two daughters, Mrs. Arthur Hawkins of Antioch and Mrs. Mamie Dence of Green River, Wyoming; four sons, George and Clarence of Antioch; Charles, Jr., of Beloit, Wis., and John, of Montreal, Canada, and 15 grandchildren.

A sister, Mrs. William Maaske, also survives.

## Golf Courses

It is estimated that about \$40,000,000 is spent yearly in the United States to maintain about 5,000 public and private golf courses. These courses, which cover 150,000 square miles, are worked on by more than 75,000 persons. It is also estimated that 2,162,000 American men, women and children walked 238,000,000 miles last year while playing golf.

## First Submarine

The submarine is regarded as a modern invention, but the first one really was built in England in 1620. It was a wooden shell, covered with leather, and navigated by 12 rowers.

## LEGAL

BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ANTIOCH, COUNTY OF LAKE AND STATE OF ILLINOIS:

SECTION 1. License Required: No person, firm, corporation, society, club or association shall keep and maintain for gain or profit in any place of public resort, either as owner, licensee, manager, officer or agent, any pinball machine or game, or any other similar type of game or machine in which any ball, sphere, missile, arm, crane, appliance, rod or plunger is struck, released, impelled, controlled or manipulated, directly or indirectly, for the purpose of amusement or test of skill, unless such person, firm, corporation, society, club or association shall have first obtained a license for such purpose.

SECTION 2. Application for License: Application to maintain such device shall be made with the Village Clerk of said Village for license therefor, stating the full name and address of the applicant and giving the name of the owner thereof, where said machine or device is to be used and maintained. Examination of said application may be made by the President of said Village to determine that the applicant is of good moral character and the premises in which it is proposed that such machine, game or device be operated is one of public resort and not habituated by criminals, felons, vagrants or persons having police records of crime or offense involving moral turpitude.

SECTION 3. Amount of License: For each machine so operated, applicant shall pay a license fee in the amount of Fifty (\$50.00) Dollars per year, payable on or before the first day of May of each year. There shall be no rebate or refund of any license, and such license shall be non-transferable and non-assignable and apply only to the premises for which license is issued. Such license shall not authorize the operation of any automatic pay-off machine or device. A license fee of Thirty-five (\$35.00) Dollars shall be paid for each machine so operated for the balance of this fiscal year ending April 30, 1941.

SECTION 4. Gambling Prohibited—Minors Not Allowed to Play: The wagering of moneys, goods or merchandise for gambling upon the outcome of such test of skill or amusement or the manipulation of such game, machine or device is expressly prohibited and shall constitute a violation of this ordinance and shall subject the licensee to a revocation of said license. The license granted under this ordinance may, in the discretion of the President, be revoked, should the premises be used for immoral purposes or as the congregating place of vagrants, habitual criminals, felons or persons heretofore convicted of crime or offenses involving moral turpitude. No minor shall be allowed to play upon said game.

SECTION 5. Penalty.—Any person violating any provision of this ordinance shall be subjected to a fine of not less than \$5.00 nor more than \$200.00 for each offense and every day that such violation shall continue shall constitute a separate and distinct offense.

SECTION 6. All ordinances and parts of ordinances which are in conflict with or contrary to the provisions of this ordinance are hereby repealed.

SECTION 7. This ordinance shall go into effect and be in full force from and after its passage, approval and publication as provided by law.

GEORGE B. BARTLETT Village President.

Presented and read, Sept. 6, 1940. Passed and approved, Sept. 6, 1940. Published, Sept. 12, 1940.

ATTEST—K. L. Murre Village Clerk. Approved, Sept. 12, 1940. George S. McLaughley, Attorney.

COUNTY OF LAKE )  
Public notice is hereby given that I, Garfield R. Leaf, County Treasurer and ex-officio County Collector of Lake County, Wis., the State aforesaid, will apply to the County Court of said County on Monday, the 30th day of September, A. D. 1940, for judgment against the owners of the lands and lots mentioned and described in the following list of delinquent lands and lots for the general taxes, and personal property taxes, attached thereto for the years 1910, 1911, 1912, 1913, 1914, 1915, 1916, 1917, 1918, 1919, 1920, 1921, 1922, 1923, 1924, 1925, 1926, 1927, 1928, 1929, 1930, 1931, 1932, 1933, 1934, 1935, 1936, 1937, 1938, and 1939, together with interest, penalties and costs due severally thereon, and for special taxes, and special assessments due for the years 1914, 1915, 1916, 1917, 1918, 1919, 1920, 1921, 1922, 1923, 1924, 1925, 1926, 1927, 1928, 1929, 1930, 1931, 1932, 1933, 1934, 1935, 1936, 1937, 1938, 1939, and for 1940, together with interest, penalties and costs due severally thereon, and for an order to sell said lands and lots for the satisfaction thereof. Public notice is also hereby given that on the second Monday of October, to-wit: on the 14th day of October A. D. 1940, all the lands and lots, or the sale of which an order shall be made, will be exposed to public sale in the County Court Room, in the building where said County Court is held in said County in the Court House at Waunakee, Wisconsin, to the said county for the amount of taxes, special taxes, special assessments, interest, penalties and costs due severally thereon, except such as shall have been paid at said time of sale. Said sale shall commence at 9 o'clock A. M. Central Standard Time, on the 14th day of October and to continue from day to day, until the same shall be completed and if for any cause such judgment shall not be rendered on the second Monday after such judgment, then such sale will be made on the second Monday after such judgment shall be rendered commencing at 9 o'clock in the forenoon of such second Monday.

Costs on each tract or description of land 26 cents; on each lot or description of lot 16 cents. Also interest at the rate of 1 per cent per month will be added after June 1st on the First installment and September 1st on the Second installment.

# King Carol II of Rumania Abdicates As Fascist Iron Guard Effects Coup; House Votes 60-Day Volunteer Plan Before Launching of Peacetime Draft

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)

## BALKANS:

### Coup

Shots fired at the palace of King Carol of Rumania followed anxious days in the Balkans, during which Rumania accepted a Berlin-Rome dictated agreement transferring part of Transylvania to Hungary. Included in the agreement was a guarantee to Rumania by Germany that its shrunken borders would be guaranteed against further demands by anyone. With a "Who, me?" expression, Soviet Russia looked over the fence from Bessarabia and Northern Bukovina, which it earlier had seized from Rumania.

Even this did not satisfy the king's enemies. Two days later King Carol II announced the appointment of Gen. Ion Antonescu as the new military dictator of the country. Carol retained only a few unimportant governmental tasks.

But still crowds of angry rioters shouted in the public square around the Rumanian palace and the political "outs" clamored for more changes. Finally it was announced that King Carol had abdicated. Stepping down from the throne he was succeeded by his son Michael, 18 years of age, who once before ruled his nation as "the boy king" when his father renounced the right to the throne in 1925.

The coup against Carol was by fascists who sought to take over Rumania at once and liquidate the entire situation.

### M-DAY:

#### Men

Effects of the war will be brought to hundreds of thousands of American homes this month. For the first time in U. S. peace time history young men will be called from their jobs and schools to serve at least one year in the nation's military forces.

First is the National Guard, 60,500 officers and men from 26 states being the initial cadre going on active service beginning September 16. Later more will be called until 250,000 are in the field.

Meanwhile 11,000,000 will have registered under the conscription measure. Once set up, the draft machinery will turn fast. First call will be for a gradual enlistment of 400,000. An additional 500,000 will follow before spring.

A few days after the senate had approved the Burke-Wadsworth bill which would call up these first U. S. peacetime conscripts, the house of representatives tacked an amend-

houses, kitchens, drainage systems, gas and electrical lines. Erection of wooden barracks must wait congressional appropriation.

Sixteen camps were built during the World war. Most of these have been dismantled but the government still owns the land. If the same sites are selected, new barracks will be built at Camp Devens at Ayer, Mass.; Camp Upton, Yaphank, L. I.; Camp Dix, Wrightston, N. J.; Camp Meade, Annapolis Junction, Md.; Camp Lee, Petersburg, Va.; Camp Jackson, Columbia, S. C.; Camp Gordon, Atlanta; Camp Sherman, Chillicothe, Ohio; Camp Taylor, Louisville, Ky.; Camp Custer, Battle Creek, Mich.; Camp Grant, Rockford, Ill.; Camp Pike, Little Rock, Ark.; Camp Dodge, Des Moines, Iowa; Camp Funston, Fort Riley, Kan.; Camp Travis, Fort Sam Houston, Texas; and Camp Lewis, American Lake, Wash.

### Munitions

In some lines of equipment, where sufficient material cannot be constructed by existing industry, the government will build its own factories or lend money to private firms to expand.

With an eye to safety, however, none of these new facilities will be erected within 250 miles of an ocean or foreign border. This may develop a shift in the nation's industrial life.

### HISTORY:

#### War Swap

In an agreement declared to be the most momentous in American history since the Louisiana Purchase, the United States traded war-

His opinion "made it head."

ships to Great Britain for Western hemisphere air and naval bases.

To the U. S. came: Ninety-nine-year leases in Newfoundland, Bermuda, the Bahamas, Jamaica, St. Lucia, Trinidad, Antigua, and British Guiana.

Promise that if Britain loses the war it will not turn its fleet over to Germany, nor scuttle it.

To Britain went: Fifty old-age destroyers, of which we have 123.

From a strategic and financial standpoint it was an excellent deal for the United States. The smallest base, at Antigua, one of the Leeward islands in the Caribbean, is considered worth more than the entire cost of the destroyers. Total worth of the bases is estimated at about half the cost of the entire United States navy. From the naval view, the trade gives America a line of fortifications unparalleled in protecting the Panama canal, the Gulf and the Atlantic coasts. Dependence of the British navy means America's one-ocean navy can keep in the Pacific.

More important than the material aspects are those of prestige. The trade served notice on the world that America will not see Great Britain go down under the blows of a dictator. Spain, Turkey, the wavering French colonies, even Russia will be impressed. So will Japan. Latin America will feel the Act of Havana implemented.

### Reaction at Home

Congress was given no part in the negotiations. President Roosevelt notified them merely of the accomplished fact, and cited legal opinions from Attorney General Jackson upholding his power to make the deal.

While there was general acceptance that the United States defense position had been greatly advanced, the President's methods are due to be given a raking criticism.

## NAMES . . . in the news

**Casualties**—Dr. Robert Grieve, 29, American medical missionary and his wife, about 25, were killed in an isolated outpost of Anglo-Egyptian Sudan, near the Ethiopian border, by an Italian air raid.

**Tourist**—Gen. Juan Andreu Almazan, independent candidate for president in the recent Mexican election, arrived in Baltimore refusing to comment on the unannounced election returns.

**Birthday**—On her sixtieth birthday anniversary—the first of her 42-year reign on foreign soil—exiled Queen Wilhelmina of Holland spent the day in her London home and refused to take part in celebrations of her exiled subjects. A theater in Amsterdam, forbidden to fly the Dutch flag, decorated with the British banner and the Stars and Stripes. The Nazi governor closed the place until further notice.

## TREND

... how the wind is blowing ...

**Business**—New York will inherit from Amsterdam the title of world's diamond market, said Sir Ernest Oppenheimer, chairman of two corporations which control 85 per cent of the world's production.

**Canada**—If Britain is forced to evacuate London as its capital, the government will move to Toronto, not Ottawa. Quarters already have been selected for the royal family.

**Banks**—Treasury officials alarmed at an increase in hoarding among individuals, are urging banks to prohibit large withdrawals where the need for the money is not clear.

## POLITICS:

### Issues Appear

Whether the government shall be given power to seize industries where owners refuse contracts for national defense production may turn into one of the major issues of the campaign. A clause to that effect, introduced by Senator Russell (D., Ga.) was included in the conscription bill before it passed the senate. Opposition developed in the

SENATOR RUSSELL

Mr. Willkie didn't like his amendment, house which has a less drastic idea. Final decision may be reached by conference.

Wendell L. Willkie, G. O. P. presidential nominee, denounced the Russell amendment less than 24 hours after its enactment. He said it was a move to "socialize and sovietize" industry. "If our enterprises and assets are to be taken over by the government," he asked, "what are we to defend?"

He also called upon the President to name a co-ordinator of national defense with full executive power to handle the nation's \$11,000,000 arms program. Such a move, he said, was advocated in the 1939 report of the national resources board.

Answer came quickly in the senate, where it was pointed out that 10 Republicans were among the 69 senators who favored "industrial draft." Senator Russell said Willkie was willing to conscript lives and careers of young men but not wealth.

## WHEAT:

### World Crop

The bureau of agricultural economics said indications are that about the same wheat acreage will be planted for 1941 harvest as was seeded for the 1940 harvest. There were 62,600,000 acres allotted for seeding for the 1941 crop under the Agricultural Adjustment act, the same as for the 1940 crop.

The bureau estimated that 1941 production will total about 750,000,000 bushels and leave about 5,000,000 bushels for export or addition to carry over. The total carryover would accordingly be about 300,000,000 bushels at the close of the 1941-42 season.

World acreage, exclusive of Soviet Russia and China, the bureau said, is expected to remain approximately the 275,000,000 acres harvested in 1939. The bureau said that world wheat supplies, exclusive of Soviet Russia and China, for the year beginning July 1, 1940, may be about 160,000,000 to 150,000,000 bushels smaller than a year ago when they totaled 5,445,000,000 bushels, the largest stock on record.

## MISCELLANY:

### Healthiest Baby

Sharon Ray Conn, whose parents are on direct relief, was named the state's healthiest baby at the Iowa state fair at Des Moines. Doctors gave her 99.4 points, the highest on record.

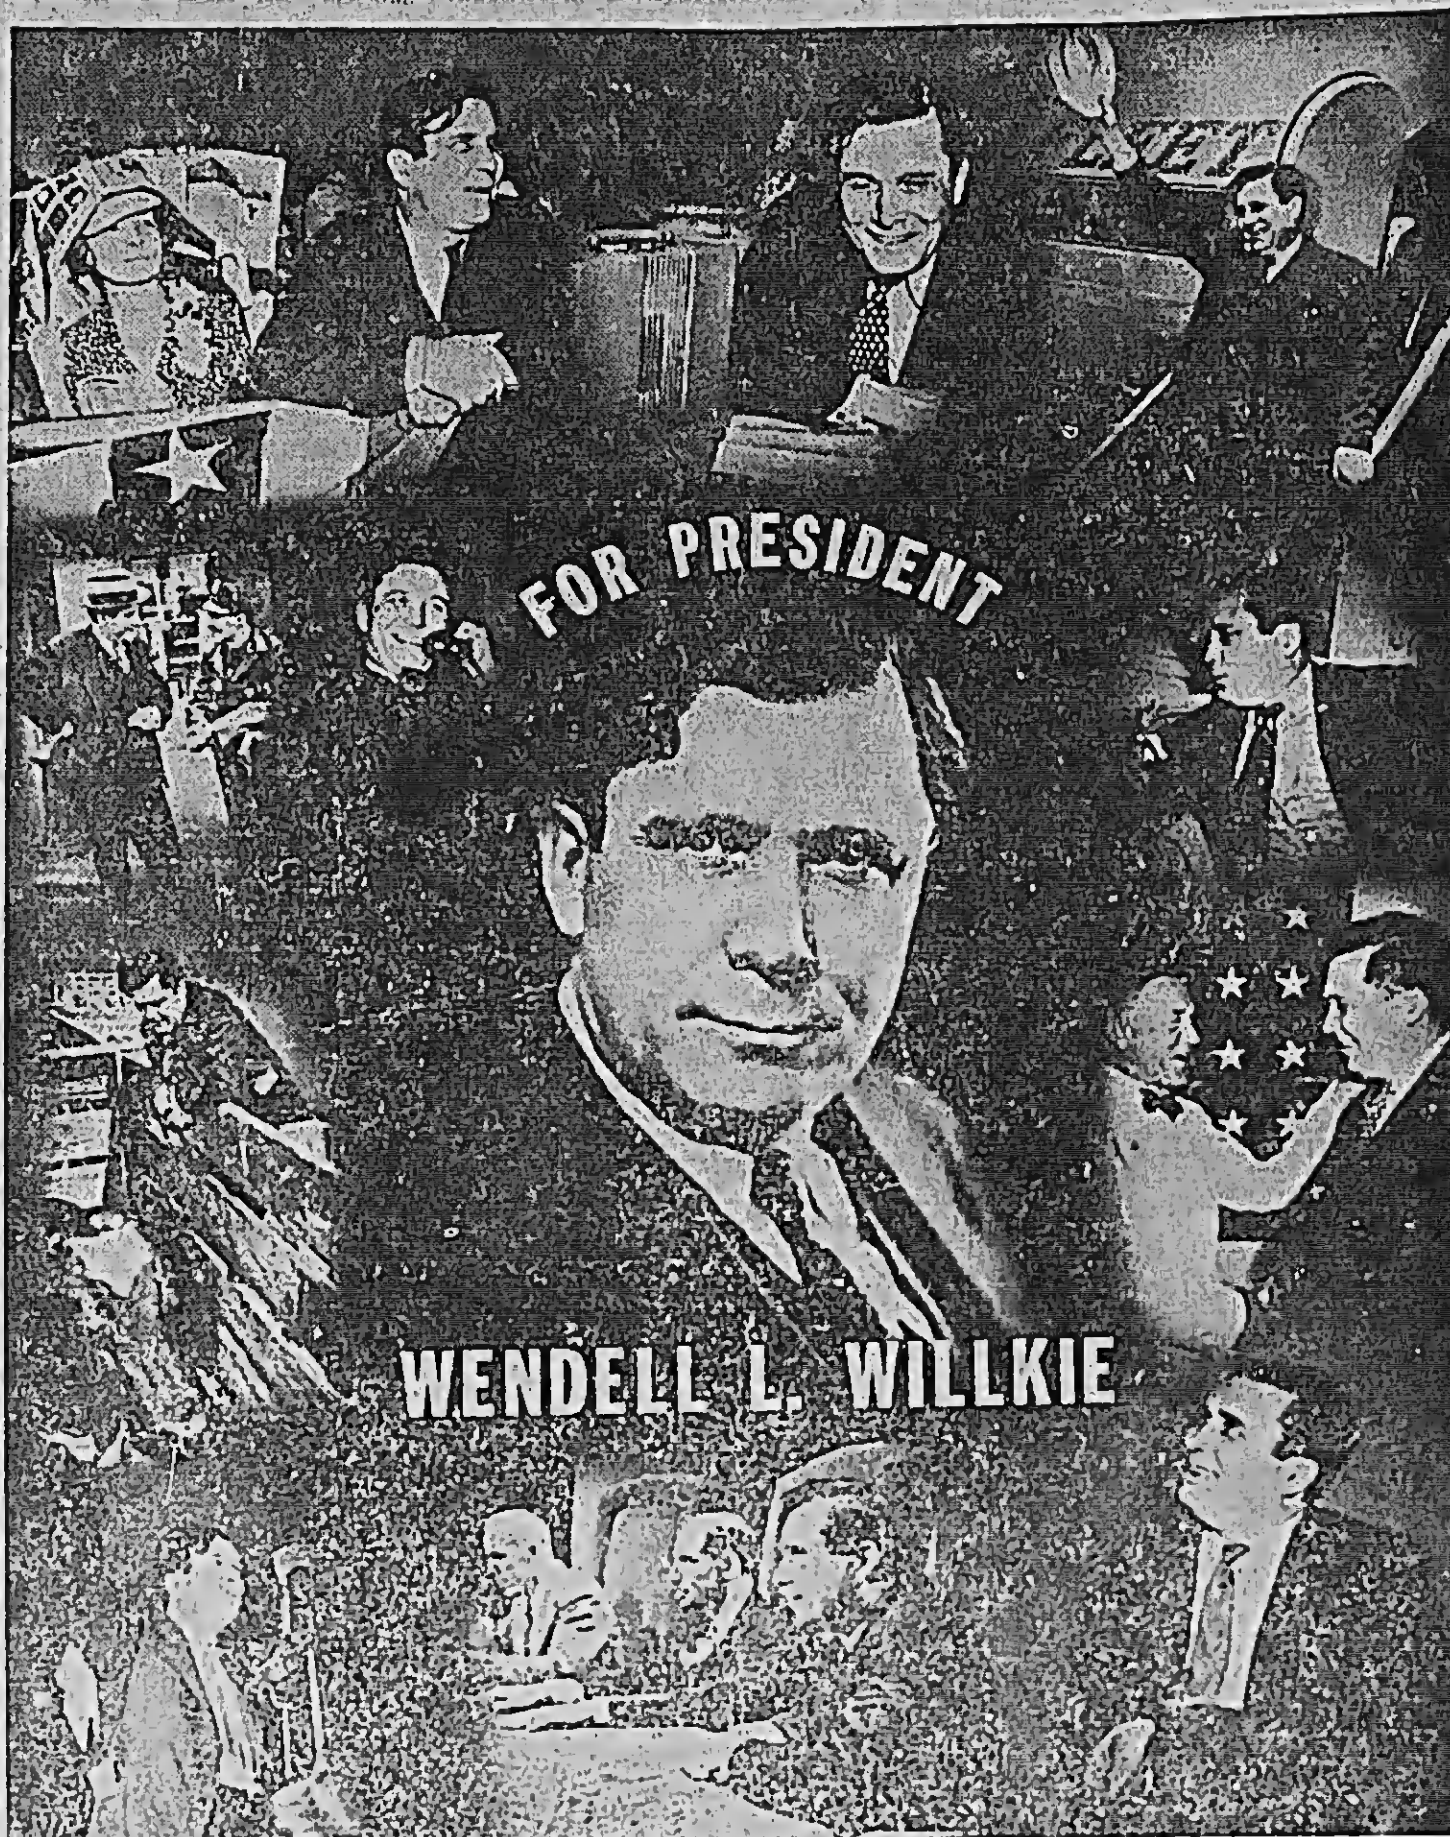

South Carolina Democrats in a primary election indicated their preference for prohibition's return. The score was: For legal liquor sale, 162,549; against legal sale, 110,991. After 16 months without a fatal accident on the nation's commercial airlines, a Central Pennsylvania plane crashed in West Virginia, bringing death to 25, the worst mishap in U. S. aerial history.

Citizens of the Dominican republic can sing "where never is heard a discouraging word." Dr. Raphael Leonidas Trujillo Molina, the island's dictator, has forbidden any discussion of the war.

There were 3 per cent fewer deaths on the nation's highways in July than in July last year, the National Safety council said.

# WENDELL WILLKIE MAN OF ACTION

Republican Candidate for President, Like Thomas Jefferson, Has Wide Interests.

In the two and one-half months since his unprecedented and spectacular nomination for the Presidency, by the Republican National Convention, Wendell Willkie has demonstrated to the country his dynamic personality and driving energy as well as his quick and clear mind.

Few men have ever been nominated for the Presidency who have as wide and universal an interest in many fields of endeavor as Wendell Willkie. In that respect he has been compared to Thomas Jefferson who was as well versed in architecture as he was in the law—knew as much about farming as he did about political philosophy.

Born 48 years ago in the small town of Elwood, Indiana, Wendell Willkie was educated for the law. But before he received his degree in that profession, he taught history in the high school at Coffeyville, Kansas; drove a bakery wagon; worked as a baker for a tent hotel in Aberdeen, South Dakota, as a field hand

in harvesting wheat in Oklahoma and as a laborer in California. He has labored in steel mills and sugar fields.

Once embarked on the practice of law, Wendell Willkie defended labor unions with his father; enlisted in the army the day this country declared war on Germany in 1917; became a lawyer for a rubber company; and finally went to New York, first as counsel for Commonwealth and Southern Corporation and then, when the sick company needed resuscitation, as its president. Even critical New Dealers always have paid tribute to Willkie's candor, honesty and ability.

Nurtured in a home filled with books, Wendell Willkie throughout his life has been a constant reader of books—all kinds of books. He reads rapidly and, with a photographic-like mind, retains what he has read. He demonstrated his rich background of information on the "Information Please" programs on the air and in motion pictures. He is a qualified authority on English

Constitutional history and writes much better than many professional writers. Had he not been a great lawyer, he would have been an outstanding newspaperman.

Though Willkie has sat among the great and learned, he has never lost his touch with his Indiana origin. Though he likes books, he likes people more. He is as much at home in conversation with a truck driver or farm laborer as he is with an industrial tycoon or college President. Typical of the man is the fact that his faith in American agriculture is so great that he placed the savings from his salary in Indiana farm land. Operating these farms on a 50-50 basis with tenants, Willkie now knows as much about farming as he does about law.

Indeed, like the Roman of old, Willkie might say "nothing human is foreign to me." But that thought would never occur to Willkie because he believes that when a man commences to compare himself to a Cicero or Napoleon, people had better look out for him.

## Stool Pigeons

Pigeons in the United States were once so numerous that they were a menace to crops, and a constant source of annoyance to farmers. One method of getting rid of them was to catch a pigeon and fasten it to a call stool in the center of a field. When the other pigeons flocked around the decoy, it was easy enough to trap them. From this practice we get our expression, "Stool Pigeon," meaning an informer or criminal.

## Bury Valuables

Antique dealers in this country are complaining because merchants and private owners in England are burying their valuables underground. In the first war, they say, "We were able to buy rare old silver in England at bargain prices." Missing treasure probably will be found by heirs when they dig up family estates.

## Slaves Freed

Some historians say that passage of the fugitive slave law peevied the Northerners to such an extent that they helped more slaves to freedom between 1850 and 1860 than the total number that escaped during the entire period of our government previous to 1850.
